

FARWA RIZVI

FRONTEND DEVELOPER

MULTIMEDIA DESIGNER

ABOUT ME

I am a Multimedia Design student with a focus on frontend development, where I create user-friendly solutions with HTML, CSS, and JavaScript. I have experience with web design and UX/UI and am looking for an internship to develop my skills and contribute with my creative and technical knowledge.

EDUCATION

Multimedia Designer

Københavns Erhvervsakademi (KEA)
Started in 2024 – On-going
KEA Guldbergsgade. Guldbergsgade
29N, 2200

SKILLS

HTML, Css & Java script

I also have experience with HTML, CSS, and JavaScript, where I have developed websites that are dynamic and responsively designed with user experience and functionality in mind.

Astro & Bæredygtighed

I have also worked for different brands where I redesigned their websites in Astro, which is very sustainable compared to other frameworks. As a Multimedia Designer at KEA, I focus on building web solutions that are sustainable and climate-friendly.

React & Git hub

I will be learning React, Next.js, and Tailwind in the coming weeks, with a focus on building user interfaces, components, and state management. I have already gained significant experience working with GitHub and GitHub Organizations.

Figma UX & UI

I have worked in Figma to design and prototype user-friendly interfaces, including wireframes, UI components, and design systems, as well as UX and visual hierarchy to improve digital solutions. Wireframes, prototypes, Crazy 8s, user stories, HMW, and usability and functionality testing of websites.
